

Nine Circles Community Health Centre
Is currently hiring for

HEALTH EDUCATOR
.8 EFT Permanent
\$34.836/hour to \$45.462/hour doq

The Health Educator is responsible for the development and facilitation of culturally grounded health promotion education initiatives guided by the evidenced health promotion and prevention needs of the community. The Health Educator is additionally responsible for ensuring the clients and staff have access to the most up to date resources; meaningful engagement of people with lived experience in program planning, delivery and evaluation; as well as Food Bank coordination. The Health Educator supports harm reduction supply distribution and related education opportunities.

Nine Circles encourages application from qualified First Nations, Metis and 2SLGBTQIA community members.

The job is a part-time, 62 hours per two-week period (including holiday pay hours). Regular hours are 7.75 hours per day (net of breaks). The regular work days for this position will fall between 8:00 a.m. and 8:00 p.m. Mondays through Fridays. Regular work hours include a start time of 9:00 a.m. Occasional evenings and weekends shifts are required. Overtime is not a normal requirement of this position.

The position is classified as Health Educator, on the MAHCP salary scale (WCHREO 2015 Hours). A comprehensive benefit package is provided as per employee eligibility via HEB Manitoba.

A detailed job description stating all position duties, responsibilities and skill requirements is available upon request.

Duties/Responsibilities

Health Promotion:

- Provide leadership in identifying emerging trends and gaps in community knowledge and coordinating a response through program design
- Design and deliver culturally responsive education and training curricula on a variety of sexual health, harm reduction and health promotion initiatives that increases both individual and organizational capacity
- Establish and maintain relevant community networks
- Consult and collaborate with Nine Circles and program teams in the development, delivery and evaluation of programs and resources
- Collaborate with program teams to design and implement health education into community events (e.g. World AIDS Day, community fairs)
- Coordinate access to and/or develop a variety of knowledge translation tools to meet community needs for STBBI awareness, prevention, and education

Knowledge Translation and Exchange:

- Researching trends and gaps in community knowledge and use findings to acquire, adapt, develop, review and evaluate appropriate educational resources
- Regularly review and evaluate resources to reflect best practice and promising practice
- Distribution/promotion of health promotion tools and resources into the community

People with Lived and Living Experience Participation:

- Ensure the meaningful participation of people with lived experience in the development, delivery and evaluation of programs and resources

Client Engagement:

- Distribute harm reduction supplies and provide harm reduction education, resources, and support to clients in collaboration with Nine Circles program teams;
- Coordinate the operations of the Nine Circles Food Bank
